

# Lead the way as our AGILIS eco-partner: APPROVE

APPROVE is a TÜV-certified auditing program for AGILIS customers that focuses on ecology, economy and social responsibility. Its purpose is to certify and promote the quality and sustainability standards of your bodyshop.

AGILIS®

Perfection  
made simple

# Take eco-effectiveness to another level

AGILIS is a pioneering new waterborne basecoat system from R-M. It has everything you need to be successful. Power up your eco-effectiveness with the most environmentally friendly basecoat.

**Sustainable**  
Products & Solutions

**Proven**  
Efficiency

**Process**  
Optimization

APPROVE certification lets you underline your commitment as an eco-partner to offer the most sustainable repairs. Lead the way with APPROVE and be recognized by car owners, insurance companies, fleets, car manufacturers and industry stakeholders.

## You win. So does the environment.

With R-M by your side, your bodyshop will be able to create its own eco-image that impresses customers and stakeholders opening up many new business opportunities. Many manufacturers and insurance companies prefer to work with a network of sustainable bodyshop and partners.

Get the APPROVE advantage and certify your bodyshop.

### Benefits of APPROVE Certification
